JOHN AND MARY CAROL LEWIS

In the early 1960's John and Mary Carol Lewis began their journey together as newlyweds. For more than 50 years they have helped people from all walks of life covering a wide range of social issues including education reform, children in foster care, addiction recovery and affordable housing. Today Mary Carol is an educational consultant teaching grade school classes and is chair of a mentoring program on issues of empathy, friendships, bullying and creating a caring community. John remains active as a volunteer director at the Franklin Circle Hunger Center, a member of the Cuyahoga Drug Court Advisory Board and a director of the Lake County Recovery Centers. John and Mary Carol reside in Chagrin Falls and have 4 grown children and 7 grandchildren.

MICHAEL J. MERRIMAN

A proud graduate of Saint Ignatius and John Carroll University, Mike Merriman is a man committed to his family, his distinguished professional career and an individual pledge to give back to his community. Mike graciously served as Boys Hope Girls Hope Board Chairman from May of 2008 to May of 2012. Mike's charismatic leadership and unwavering dedication allowed him to lead Boys Hope Girls Hope through some of its most challenging days, including a capital expansion and the unexpected death of Executive Director Anne O'Donnell. Today, Mike is an Operating Advisor at Resilience Capital and serves on the boards of numerous corporate and non-profit organizations. Mike and his wife Elizabeth (Libby) reside in Chagrin Falls and have 3 children.

SCOTT W. FEDOR

Born and raised in Cleveland, Scott is an alumnus of Saint Ignatius where he led retreats and played for the 1993 State and National Championship football team. After graduating from Lehigh University and earning an MBA from the University of Michigan, Scott engineered a successful young career as Vice President for a Berkshire Hathaway Company. Scott's career path took a dramatic turn in 2009 when a diving accident rendered him paralyzed from the neck down. Since the accident, Scott's positive attitude, faith and perseverance have helped him to rebuild himself while inspiring others to follow his lead. Today Scott inspires others through his motivational speeches, a personal website and through the efforts of the non-profit he founded, "Getting Back Up".
